

# Frozen Kingdom

This curriculum map provides an overview of what your child will be learning across the curriculum the second part of this half term (once we are back from our residential in Derbyshire). Learning will be linked to our focus topic - Frozen Kingdom. We will...

As **writers** we will be creating chronological reports, including **diary writing**.

Each week we will develop spelling, vocabulary, grammar and punctuation. We will also have guided reading sessions.

In topic and science, we will find out about the Arctic and Antarctic - specifically analysing evidence to draw conclusions about the effect of human activity on these regions.

As **Artists** we will be creating press prints of Polar scenes.

As **mathematicians** we will be developing our understanding of place value and will be revising and extending our understanding of the four mathematical operations and written methods. We will apply what we have learned through reasoning and problem solving activities.

In **computing** lessons we will be learning to use Scratch and developing our understanding of email.

In PE lessons, we will develop our ball skills, co-ordination and teamwork through invasion games.

In **RE** we will be thinking about how Jesus inspires Christians and we will be studying His teachings and parables.

In **PSHE** we will continue to follow the **PATHS** programme.

In French we will continue to develop conversational skills and improve vocabulary - both spoken and written.
