

## Scream Machine

### Summer term 2021 (2<sup>nd</sup> half)

This curriculum newsletter provides an overview of your child's learning in year 5 this half term. In this exciting topic, we will be exploring all things theme park related.

## English

As writers, we will be using the story of *Clockwork* by Philip Pullman to inspire us to write our own stories within stories.

In our Punctuation and Grammar we will be revising our work on linking paragraphs using adverbials of time and place. We will consolidate our use of brackets, dashes and commas for parenthesis. We will use commas to clarify meaning and avoid ambiguity. Modal verbs and relative clauses will also be revisited.

## Maths

As mathematicians, we will be beginning to look at the properties of shapes. Then we will be focusing on position and direction and measurement.

Marvellous Maths will continue to focus on the recall of time tables facts and other mental maths skills in a fun and active way, including using Times Table Rockstars. We will also be using our knowledge to solve reasoning problems.

## PE

As a sports person, we will be doing rounders and cricket.

## Art & Design

As designers, we will be designing and making moving models.

## Computing

As programmers, we will be controlling devices.

## Science

As scientists, we will be looking at forces and working scientifically using the knowledge we have gained across the year.

## Music

As Musicians, we will be working on holding a melodic line and how to harmonise.

## Humanities

As geographers, we will be mapping theme parks within the UK and abroad.

## RE

As a theologian, we will be learning about Hinduism.

## Languages

As linguists, the children will be revising the vocabulary they have learnt this year and use it in role play.
